On application, students may apply for course transfer credits or prior learning assessment recognition for courses completed at recognized post-secondary institutions. Credits may be granted by the Registrar's Office based on existing articulation agreements or on those found at www.bctransferguide.ca or maybe referred to the Dean of Programs, for review and approval as per the Credit Transfer policy of the college.

The College requires that all applications with supporting documentation be submitted for review before the first day of the term/cohort, otherwise applications for transfer credits will not be considered.

Where possible, the College makes every effort to accommodate any special circumstances the applicant may require.

The College will ensure that decisions are made based on objective evaluation.

The College reserves the right to cancel any program cohort at any time due to low enrollments, regulatory requirements, or any other circumstances. If this occurs all fees will be refunded. The admission criteria cannot be waived by either the College or the applicant.

The appeal must contain additional information explaining why the appeal should be considered.

The Registrar is responsible for reviewing any applications for which the applicant is requesting an appeal.

The decision of the Registrar is final. The Dean of Programs will report application appeal circumstances and outcomes to the Academic Council.

Document Misrepresentation

All applicants and students must provide all requested documentation in the form requested. Documents must not misrepresent their personal circumstance and academic history. By doing so' this may impact their eligibility for admission, program continuance or graduation.

If documents or information are false after the applicant is admitted, the student will be dismissed from their program and will not be allowed to reapply.

Additional note for International Students

An international student is a person who is not a Canadian citizen or a landed immigrant or who has been determined under the Immigration Act to be a Convention Refugee. International students require a Study Permit to study in Canada unless they are taking a course or program with a duration of six months or less, are a minor child already in Canada whose parents are not “visitors” in Canada or are a family or staff member of a foreign representative to Canada accredited by the Department of Foreign Affairs and International Trade. In order to meet the requirements of section R219 of the *Immigration and Refugee Protection Regulations*, international students are required to include a Letter of Acceptance with their Study Permit application.

- a) Student Authorization Related Withdrawals
 - The College will retain the registration fee due under the enrolment contract for international students who are denied Study Permit authorization from Citizenship and Immigration Canada.
 - Students denied a Study Permit must provide the institution with a written request for a refund along with a copy of the denial letter, prior to the program start date given on the institution’s Letter of Acceptance.
- b) Refund after Study Permit Approval and before the program of study starts: The refund calculation will remain the same as for domestic students.
- c) Refunds after the program of study starts: The refund calculation will remain the same as for domestic students.

Process for Refunds

- Application fees, student fees, textbooks, fines, dues owing, financial penalties and taxes are non-refundable. Outstanding tuition fees will be deducted from the amount refunded.
- All refund requests must be made in writing. Students must submit the completed and duly signed Refund request form and the supporting documents to the Refund department. Students are responsible for providing accurate information on the Refund Form.
- Refunds required under this policy will be paid to the student or a person who paid the tuition or fees on behalf of the student, **within 30 days** after receiving notice of withdrawal or refusal of study permit; providing a notice of dismissal, or the date on which the first 30% of the hours of instruction are provided (no-show).
- An administrative fee of 2% of the total amount paid will be charged for refunds requested by

students who paid by credit card.

ATTENDANCE POLICY

Western Community College (the College) maintains a strict policy regarding attendance and punctuality to ensure the academic success of students and remains compliant with the regulations. Regular attendance and participation are expected of all students in each of their courses to achieve the learning outcomes and will be a valid consideration in determining the final grades.

SCOPE

The College is required to take attendance by provincial regulators and report delinquent attendance to funding agencies, government, accreditation, and student assistance agencies. Attendance is the document of record that demonstrates to auditors that students have received all program hours indicated in either the course or program outline.

Some programs may have additional attendance requirements.

The attendance policy applies to all diploma and certificate students at Western Community College.

PROCEDURE

- Attendance is recorded daily from the first day of class.
- Attendance is taken in every class and reconciled the same day.
- All classes are scheduled and run at their allocated time with no early dismissals.
- Late arrivals and early departures from class are noted in the attendance record and added to the total time absent.
- Students who miss over 50% of an individual class session are marked absent.
- Students must attend all work experience sessions.
- If a student is unable to attend a work experience session, they must notify the College and their work experience host but will have to make up for the missed work experience hours.
- If a student is going to be absent it is their responsibility to notify the Faculty and College as soon as possible.
- All absences are recorded regardless of the reason for the absence.
- If a student is unable to attend for more than 2 consecutive days, they are required to document that there have been unexpected circumstances which have prevented them from attending.
- Absences based on illness of more than **2 consecutive days** must be supported by a physician's note.
- When students are unable to attend for **5 consecutive days or 10% of the program**, regardless of the reason, they will receive a warning in writing.

- Students who miss **15% of a program** will be placed on probation and their progress will be monitored closely.
- Students who miss **10 consecutive days or 30% of the program** will be withdrawn.
- Students are required to attend all rescheduled classes.

Leave Due to Extenuating Circumstances

The College recognizes only the following as valid reasons for excusable absence:

Personal sickness accompanied with a valid doctor's note upon return.

Medical or family emergencies.

Death in the immediate family.

Academic Concessions

In case of extenuating circumstances, students may be eligible for academic concessions. If the student requires an extension of course assignments, quizzes or deadlines more than one time the requests will need approval from the Registrar's Office. Based on the evidence provided, each case will be discussed and the decision is at the discretion of the instructor/Registrar's office.

The College understands that students have personal and work-related responsibilities outside of their studies, therefore, it recognizes that from time-to-time special academic considerations can be given to extenuating circumstances that include, but are not limited to medical, bereavement, and accidents. Individual faculty may grant an exception to a student for single events (e.g. mid-terms, finals, and essay or project deadlines). A bereavement leave of 3-5 days (excluding holidays and Sundays), along with a few extra days for international students to accommodate their travel requirements can be provided if presented with documentary proof like travel tickets. Only the Dean of Programs can grant concessions for circumstances or events that impact more than one assessment result.

Registrar's office must receive evidence (to be placed in the student's file for the circumstances leading to an exception. Acceptable evidence includes, but is not limited to one of the following:

- Death certificate
- Medical certificate from a physician
- ICBC accident claim or police report
- Extenuating family circumstance

Authorized (excused) and Unauthorized Leave:

Leave for which permission has been granted by Registrar's office and is supported with documentation from the student is authorized leave and will be recorded as such in student records/status. Any leave application for more than 2 consecutive sessions should be accompanied by valid documentary evidence (such as a doctor's note) and might be verified. Such leave should be notified to the instructor and/ or Registrar's office as soon as the situation occurs. Excused absences can include but are not limited to circumstances of sickness, family or other emergencies, etc.

However, if the student has not informed the college about the absence or permission has not been granted, the leave will be unauthorized leave and will be recorded as such in student records.

Late arrival and early departure (in minutes) are noted. This missed time is accumulated over the length of a student's program and may result in the student being initially placed on 'academic probation', and then being withdrawn from the program.

Mandatory requirements

Students are required to maintain a minimum of 70% attendance throughout the program. The students will not be allowed to appear in the final exam if they are absent for more than 30% of the course. If the student does not meet the minimum attendance criteria, the student may be dismissed from the course/program.

Leave for Religious Observances

Students must inform the instructors in writing within the first two weeks regarding any absence from classes, written exams, presentations or other class activities due to religious observances.

Recording of Attendance

The college prepares a class attendance record for each course offered. It is the faculty's responsibility to accurately maintain attendance record for each class. A course wise/term record for each student's attendance will be placed in each student's file by the college at the end of each course/term. All students should attend and be on time for all classes. As student is responsible for notifying the campus of the absence prior to the start of the class. Attendance is recorded from the first day of the scheduled classes and not the first day of attendance by a student. Faculty/instructors are responsible for maintaining accurate attendance records. They record attendance in terms of hours attended by students out of hours delivered.

Attendance Conventions are as follows:

Faculty will record attendance using the following conventions.

Notation	Meaning	Usage Example
<i>P</i>	<i>Present</i>	<i>Student attended the entire class</i>
<i>A</i>	<i>Absent</i>	<i>Student missed the entire class</i>
<i>AL</i>	<i>Authorized leave</i>	<i>Absent due to emergency or medical reasons, campus notified before start of class</i>
<i>UL</i>	<i>Unauthorized leave</i>	<i>Unexcused absence</i>
<i>E (30)</i>	<i>Left (number of minutes) early</i>	<i>Student left class 30 minutes early</i>
<i>L (10)</i>	<i>Arrived (number of minutes) late</i>	<i>The student arrived 10 minutes late.</i>
<i>D</i>	<i>Dropout</i>	<i>Student dropped out of classes</i>

Recording of attendance for online and virtual classes:

For the synchronous classes, the instructors will mark the attendance in the LMS in the same way as they would do for an in-person class. The attendance records from MS Teams will also be taken into consideration for tallying/matching the attendance records. For asynchronous classes, the attendance of the students will be based on their participation/program completion/log records in moodle platform. The log records are able to inform the usage of platform in terms of hours and the activity completion shows the participation of the student in those hours.

Appeal

Student has the right to appeal, any dispute will be submitted to the Dispute Resolution Committee.

SEXUAL MISCONDUCT AND HARRASSMENT POLICY

Western Community College (the College) recognizes and adheres to the provisions of British Columbia's Human Rights Code and is committed to providing a safe and respectful environment free from harassment and discrimination for all those involved in the College's academic programs.

The College is committed to a zero-tolerance policy for sexual harassment or discrimination in any of the administrative, academic, or work experience environments.

For purposes of this policy, members of the College community include students, staff, faculty, visiting faculty, clients, contractors, work experience host site supervisors and employees, and volunteers.

Scope

This policy applies only in cases of Sexual Misconduct and Harassment. For all other complaints, see policy AC110 Dispute Resolution. This policy does not apply to criminal cases nor does it remove any rights of the complainant or respondent to use the judicial system.

Definition of Sexual Misconduct and Harassment

The college relies on the definition provided by Government of British Columbia in [Core Policy Objectives & Human Resources Policies](#), Chapter 11 Definitions.

Procedure

Allegations of sexual misconduct or harassment can be made against an individual who was a member of the College community at the time of the alleged misconduct or at the time when the incident occurred. Sexual misconduct or harassment between college community members is prohibited not only on college property or work experience venues, but also at social events, business trips or conferences sponsored or authorized by the College.

Complaints

The President of the College is authorized to accept, review, and investigate all complaints and reports of alleged sexual misconduct or harassment occurring within the College community. In the absence of the President or if the complaint is about the President, any member of the Leadership Team is authorized to receive complaints.

If the complaint is about the President, the person receiving the complaint will discuss with the complainant whether to deal with the issue directly or to refer to an external body or person. (In the remainder of this policy, the word President shall include the person receiving the complaint or to the external body or person.)

Any College community member who wishes to make a complaint or report of alleged sexual misconduct or harassment may, if appropriate and reasonable in the circumstances, choose to first inform the respondent that their conduct is inappropriate and unwanted and that they should cease the inappropriate behaviour immediately.

If the complainant chooses to make a sexual misconduct or harassment report to the President, they should do so in a timely fashion, preferably in writing, setting out the relevant details of their allegations.

The President will review the allegations with the complainant and determine whether the College has jurisdiction to proceed with the investigation and resolution of the complaint.

In the event of a legal investigation, the College commits to work collaboratively and transparently with the officials to investigate the allegations.

If the President decides that the College has jurisdiction, the President or designate will, as soon as possible, compile the written complaint with the contact information for any witnesses to the alleged misconduct.

The President will meet with the complainant and discuss the two ways of proceeding with the complaint: Informally with the willing participation of the respondent, or formally. For either process the Participants must sign a non-disclosure form.

If the complainant agrees to the informal process, they will do so on the understanding that choosing to resolve the matter informally does not preclude using the formal procedures should the complainant not be satisfied with the result of the informal process.

The President will clarify with the complainant, what outcome they are seeking and what would be acceptable.

The President will also inform the complainant that they can choose to make their complaint to an appropriate public authority as an alternative to pursuing resolution using the College's procedures.

The President will ensure that the complaint process is completed within 30 days of the complaint being made. In exceptional circumstances, this period can be extended in consultation with the complainant.

Informal Mechanism

If the complainant chooses to attempt to resolve the matter informally, the President will inform the respondent of the details of the complaint and advise the respondent that the complainant has agreed to resolve the matter by way of the informal mechanism.

The President will ensure that the respondent understands both the informal and formal mechanisms as outlined below.

If both the complainant and the respondent agree to proceed informally, the President will arrange and facilitate face-to-face discussions between the parties and attempt to come to a resolution of the matter acceptable to the complainant. Note: Either or both parties may choose to have representatives in the meetings. The representatives must be acceptable to the President or designate.

The President will maintain a confidential record of what transpires during the informal process, including the substance of the discussions and the specifics of any agreed outcome. Only the President will have access to the confidential records.

The President will follow up with the complainant and the respondent to ensure that the alleged misconduct has ceased, and that the complainant is satisfied with the outcome.

Formal Mechanism

If the complainant chooses this process or is not satisfied with the outcome of the informal process or should the respondent decline to participate in the informal process, the President will process the complaint formally.

The President will interview the Complainant and Respondent separately and create and maintain a confidential record of the interviews. Note: Either or both parties may choose to have representatives in the meetings. The representatives must be acceptable to the President or designate.

The President will interview any witnesses or other relevant third persons separately and maintain confidential records of those interviews.

The President will consider the evidence and prepare a report setting out findings of fact, including whether the alleged sexual misconduct or harassment has been established on a balance of probabilities and any recommendations that flow from the findings. Both the Complainant and Respondent will be given a copy of the report.

The President will review the report with the Leadership Team, and they shall determine what, if any, disciplinary or any other measures are required.

The President will follow up to ensure the approved recommendations are implemented and that the sexual misconduct or harassment, if established, has stopped and the Complainant is satisfied with the outcome.

Disciplinary Measures

These measures are specific to this policy. Any College community member and who has been found to have committed sexual misconduct or harassment is subject to one or more of the following sanctions:

- A verbal or written warning
- An adverse performance evaluation
- If an employee, a demotion, suspension or dismissal
- If a student or other member of the College community would also be subject to a temporary or permanent suspension from participation from any or all of the College's academic programs
- Other such discipline, as appropriate in the circumstances, including the gravity and seriousness of the found behaviour and its impact on the Complainant and/or on the environment of the College's academic programs up to and including expulsion from the program or the College or dismissal from employment.

Appeal Process

The decision of the President or designate is final.

Confidentiality and Privacy

To protect the integrity, fairness, and effectiveness of complaint mechanisms and to ensure compliance with the *Freedom of Information and Protection of Privacy* Act (FIPPA), all participants in an investigation or procedure under this policy must act in accordance with the requirements set out below.

Individuals, including the Complainant and the Respondent, who have obtained information about an identifiable individual through their participation in an informal or formal process must not disclose this information to anybody except their own personal advisors or representatives, or as required by law.

Implementation

The College will ensure that this policy is disseminated to all members of the College community. All new employees will be given an orientation that includes becoming familiar with the content of this policy. Contractors will be required to adhere to this policy as a condition of their contractual arrangement with the College.

ACADEMIC HONESTY POLICY

Western Community College (the College) requires academic honesty in the acquisition and growth of knowledge and the circulation of open and unhindered ideas. It is the cornerstone of the academic community. Without acknowledging the sources of information and ideas, this will question the accuracy and integrity of educational outcomes and products. This act of academic dishonesty will compromise the integrity of the College.

Scope

This policy applies to all academic work done on or off campus and submitted to the College.

Definitions

Plagiarism is the act of representing someone else's work as your own. Plagiarism includes but is not limited to:

- The unattributed use of material from any source – including books, images, sound files, periodicals, electronic information sources, textiles, and Internet
- Using another person's essential style and manner of expression
- Plagiarism ranges from an entire assignment that is not the student's own work to specific passages within an assignment taken from a source without acknowledgement

- Submitting as your own, homework, written papers, exams, lab assignments, published work, circuit design, etc. without reference to the original creator of the material
- Submitting as your own, software or copyrighted materials without reference to the original creator of the material.

Self-Plagiarism submitting an assignment for which past academic credit has been granted, or when the same assignment is submitted in full or in part for credit in two or more courses, or in the same course more than once, without the instructor's prior written consent. Presenting one's own previously published work as though it were new is another form of self-plagiarism.

Cheating is any act of academic dishonesty. Cheating includes but is not limited to:

- Any use of aids such as calculators, electronic organizers, crib notes, notes, books, electronic recording devices, and photocopied materials, which have not been expressly permitted during exams or projects.
- Copying for the purpose of providing an advantage to yourself or another student.
- Collaboration between two or more students working jointly on any assignment when the Instructor has not permitted collaboration. This includes collaboration on projects outside of the College, which are to be submitted for marking as a solo project.
- Theft or solicitation of another student's assignment or paper, grade books, tests, or other academic work/material.
- Intentionally helping or attempting to help another student to commit any act of academic dishonesty.
- Contract cheating -i.e. purchasing or otherwise receiving, with or without payment, work created by another person and submitting the entire or a portion of the work as one's own.
- Misrepresentation involving impersonating another or permitting oneself to be represented or impersonated by another in person, in writing, or electronically, in taking an examination or submitting academic work for academic evaluation.

Considerations

By signing the Enrolment Agreement, students acknowledge that they have read and understood the information and policies. The signing constitutes an agreement not to engage in any behaviour that is viewed as suspicious or in contravention of any of the policies which could place anyone or anything at risk. The agreement also implies that students understand the consequences of noncompliance.

Faculty members will evaluate all student work in the context of the course and the instructions given to students. These instructions might include, but are not limited to, the specification of a style for documenting primary or secondary sources, guidelines for using peer evaluators and tutors, citation of group work, and guidelines surrounding the use of the Internet.

Faculty members shall closely monitor academic evaluations to assure that the students submit their own work. When faculty members suspect that a student has been academically dishonest, they shall investigate the matter and report it to their Dean of Programs, as soon as possible, following the incident.

Evidence of academic dishonesty includes, but is not limited to:

- Student admission of plagiarism
- Faculty member discovery of plagiarism
- Student admission of cheating
- Faculty member or student observation of cheating
- Student assisting other students during exam

Procedures

First Offence

For a first offense, the Faculty member:

- will meet with the student to discuss the violation.
- may issue a verbal reminder of the Academic Honesty policy and document the discussion. It will describe specific examples of the student's misconduct and the consequences if further violations occur. A copy will be given to the student and placed in the student's file.
- may refer the student to the Dean of Programs who may choose to place the student on academic probation for a specified period of time, pending a full investigation of the violation, or as a form of corrective action short of dismissal from the College.

Consequences

If an act of academic dishonesty is discovered after a grade or credential is awarded, an investigation will be initiated. Outcomes from this investigation could result to one or more of the following:

- Repeal of the grade or credential
- Student will be required to rewrite an assignment or exam
- A letter of reprimand
- A notation on the student's academic transcript
- A grade of '0' assigned to the assignment, exam, or course
- Suspension from the program and/or College
- Dismissal from their program.

Second Offence

For a second offense, the Dean of Programs will:

- investigate the circumstances of the violation
- meet with the student who has committed the violation and advise the student about the details of dismissal. The student will be provided with a Letter of Dismissal explaining the circumstances and the manner of appeal.
- The Dean of Programs will inform all departments.
- The Financial Administrator will terminate the student's contract in accordance with policy.

A student who wishes to appeal a decision may do so in accordance with the *Dispute Resolution Policy*

Supplemental

TURNITIN SOFTWARE

To supplement the academic honesty policy and to curb plagiarism and copying of assignments by students, WCC has subscribed to Turnitin software as a resource for students and faculty to help them maintain the academic standards of the college.

Originality Report: This is the report generated by Turnitin which highlights the improper citations and plagiarism by comparing it to all available academic databases.

Students will be able to use Turnitin to check the originality prior to submission of their final assignments. The staff will be able to use Turnitin to get an Originality Report. It will also be used to help students to understand referencing procedures.

Originality Report will not be used as a sole method to suspect plagiarism. The instructor will use their own judgement to see if academic honesty has been breached.

ROLES AND RESPONSIBILITIES

Instructors can use Turnitin to collect and review student assignments by comparing the text of student writing against Turnitin's sources, looking for potential plagiarism, checking for improper citations in student work and adding marks and feedback to student work.

Instructors will inform the students about the use of Turnitin. They will have the following statement added to their course outline:

Turnitin Software will be used in this course for the detection of plagiarism in the submitted assignments. Students will be permitted to submit a draft before the due date and get a screening report (which is also available to the instructors). Students who submit a draft prior to the due date will be allowed to make changes before the final submission by the due date. You can check the privacy policy of Turnitin here: <https://www.turnitin.com/privacy>

Students will be able to use the draft feature of Turnitin to see the screening of their draft

submission and then make changes prior to the final submission. Students must go through the Turnitin privacy policy and if they have any concerns, they can discuss them with their instructors.

GENERATIVE AI TOOLS

Students should ask their instructor for clarity and guidance regarding the use of any AI tools rather than assuming that all available technologies are permitted. If the use of ChatGPT and/or generative AI tools has not been discussed or specified by the instructor, then it is likely to be considered as prohibited and will contribute to academic misconduct.

NON-COMPLIANCE

Plagiarism is a serious offence and noncompliance to academic honesty will lead to serious consequences. Please refer to the Academic Honesty policy for more information.

SAFE EXAM BROWSER

For online exams, students will have to download safe exam browser to ensure that the students are not able to access other online resources while doing the quizzes or exams. The students will be completing the exam while on camera and with the use of safe exam browser. The students can exit safe exam browser only after the instructor provides them a password to exit the exam. This is to ensure that academic honesty is maintained while appearing for the exam.

COURSE LOAD

Western Community College (the College) reports students based on part-time or full-time status.

Definitions

Full-time student: a student that is enrolled for a program cohort scheduled for 20 hours or more per week (*This does not apply to aviation programs).

Part-time student: a student that is enrolled for a program cohort scheduled for less than 20 hours per week (*This does not apply to aviation programs).

Full-course load: Five courses per term for Business, Hospitality and Accounting Diplomas and enrollment in all courses being offered for other diploma programs during a term.

Maximum course load: Full course load plus one for a total of six courses in a term for business, accounting and hospitality diplomas.

Procedure

A student wishing to register for more than the maximum course load must have written approval from the Dean of Programs.

Permission to exceed the maximum credit load is extended to a student for one (1) term only and is subject for review at the end of each term and/or if a student's circumstances change.

Students with documented requirements for a reduced course load must receive approval from the Dean of Programs.

CREDIT TRANSFER POLICY

Credit transfer policy at Western Community College allows the students to get course equivalencies towards a program of study, based on the acceptable degree or diploma level course work from other accredited post-secondary institutions or from Western Community College itself. This allows the students to transfer the credits for the courses which they have already done in some other program of study, to exempt them from those courses in another course of study they choose to do. Courses appropriate for transfer credit are those that can normally be applied to fulfill specific requirements of a program.

The College will be guided by the Principles and Guidelines for Transfer endorsed by the British Columbia Council on Admissions & Transfer (BCCAT) and the Pan-Canadian Protocol on the Transferability of University Credits.

The credit transfer policy is based on the principles of equity and non-discrimination. Credit transfers are made completely based on the considerations and procedure mentioned in this policy and are free from any biases.

Scope:

The credit transfer policy at Western Community College applies to all the diploma and certificate programs at WCC.

Policy details:

1. Courses from Western Community College: The credit transfer policy applies to the courses from Western Community College. The students will get the Equivalent Transfer Credits for the courses they have completed from Western Community College, to get admission in other relevant courses at WCC. The decision of the Registrar's Office will be final in this case.
2. Courses from other registered institutions: Students can get Transfer Credits for the courses done from other registered institutions, in either of the following cases:
 - a) More than 75 % of the Course Outlines of the Courses that they have done match with the course outlines of the course at Western Community College and the student should have passed the Course with a minimum of 60% marks. (Grade C)
 - b) They appear for a challenge exam in that course and get no less than 70% marks in the challenge exam.

3. At least 50% of the program hours should be completed at Western Community College to get the credential from WCC. If students are awarded more than 50% of all available credits towards a program of study (including both transfer and PLAR credits) a maximum equal to 50% of their program credits may be credited to their program.
4. Transfer credit will not be awarded at an equivalent level for:
 - External Work experience (practicum, clinical, co-op) courses
 - Capstone courses
 - Portfolio courses.
5. For the ENG099 course in hospitality and business diploma programs, the following equivalencies are also acceptable:

If, at the time of admission, the student is able to provide a proof of any of the following, the student can get a Transfer Credit (TC) for ENG099. The student may not need to apply for this transfer credit, as the admissions team will recommend this to the Registrar's office on seeing the eligibility:

- a) International applicants who graduate from a recognized degree program or show complete four years of full-time study in English at an accredited school in the countries where English is the first language.
- b) If the student was able to get a minimum of the following scores in any of these assessment tests:
 - CAEL: Overall, 70 (with speaking subset of 60)
 - CELP: Overall, 7 (with no module less than 7)
 - CLB: Overall, 7 (with no module less than 7)
 - CPE: C
 - PTE: 58-66
 - IELTS: 6.5 (with no less than 6.0 in any module)
 - MET: 59
 - TOEFL: 550
 - IEP: 600
6. For the MATH099 course in hospitality and business diploma programs, the following equivalencies are also acceptable:
 - The applicants have completed Math 11 or higher in high school and have scored 60% or more (Grade C or higher) in this course.
7. The decision of the Registrar's office will remain final in any of the above cases.

Considerations:

Where a course has not yet been articulated, credit will be evaluated on a case-by-case basis.

Courses must have been completed within the previous five (5) years. Exceptions can only be approved by the Dean of Programs.

Transfer credit will only be granted for individual courses with a minimum of grade equivalent of 2.0 (C) (60% or better).

Courses completed through non-recognized institutions or organizations and learning obtained through work and life experience may be considered for recognition through the Prior Learning Assessment & Recognition (PLAR) process for possible credit. For policy details, please refer to

Prior Learning Assessment Recognition Policy

Once transfer credit has been granted for a course from the sending institution, it cannot be used for transfer credit towards any subsequent course(s).

Transfer credits will be awarded for assigned credits. Assigned credits are awarded for courses with content and outcomes similar to courses offered by the College.

Applicants from international schools, where the language of instruction / administration is other than English, will be required to have their transcripts and course descriptions translated by a certified translator.

At times, international applicants may also be required to have their academic credentials evaluated by one of the following credential evaluation services.

- Educational Credential Evaluators, Inc.
- International Credential Evaluation Service
- World Education Services.

Applicants may be required to submit course syllabi, examples of assessments completed, and their institution's Academic Calendar (if not available online).

Procedure

If the student wishes to write a Challenge Exam, he/she needs to mention the same in the Credits Transfer Request Form. The Exam will be conducted at a suitable date as given by the Admission Office and it may take up to two working days to give the result for the challenge exam.

Once accepted into a program of studies, students may request a credit transfer review by submitting a Transfer Credit Request Form to the Registrar's Office indicating which credits the applicant wishes to transfer. Additional documents supporting the request such as a course syllabus or a grading scale may be requested from the applicant.

For courses from Western Community College, the students need to submit the transcripts of the courses completed along with the Credits Transfer Form.

For courses from other registered institutions, the students need to submit their transcripts for the courses for which they are seeking the Credit Transfer, along with a copy of the course outlines for the completed courses at the said institution. The office can take up to ten working days to compare the course outlines and allow the credits transfer as per the policy.

The request and supporting documentation may be reviewed by an academic faculty member with requisite subject knowledge to determine transfer equivalency.

Credit transfer requests must be submitted before the first day of the program intake. Requests will not be accepted after the first day of the program start unless the student is a late applicant.

The outcome of a credit transfer request will be approved by the Registrar upon advice from the appropriate program coordinator/program manager/subject matter expert.

The College will notify the student in writing of all assigned transfer credits awarded and recognition for course credits as the result of the credit transfer request process or *Prior Learning Assessment Recognition (AD111)*. Courses for which transfer credits have been awarded will appear on the student's transcript, but will not be included in the calculation of the grade point average.

Transfer Credit Award Appeal

A student, who considers the evaluation of their academic credentials to be an inaccurate assessment of the number or types of credits earned, may submit to the Registrar's Office a letter of appeal requesting a re-evaluation of transfer credits. The appeal will be conducted by the Academic Council. This decision will be final.

STUDENT DISMISSAL

Western Community College (the College) has the right to dismiss a student (withdraw the student from their program of study) at any point in the academic year if a student fails to meet stated criteria (academic, conduct). It is important that the decision-making process considers life circumstance and educational concerns.

Criteria for Dismissal

- Conduct detrimental to the safety of the College's environment or a risk to students, staff, faculty or to the College;
- Violation of the "Student Code of Conduct"
- Non-payment of fees
- Failure to meet program requirements and commitments as evaluated by faculty, Dean of Programs, or Work Experience Supervisor
- Illegal behaviour within the College or work experience sites
- Academic Honesty and Copyright policy violations

Procedures

The Dean of Programs will meet with the student and any necessary staff or faculty members to discuss the student's failure to meet the College's criteria and to seek ways to reach resolution. The student may be placed on probation.

When the College determines a student will be dismissed, they will be notified in writing, in person, by email or by registered mail. The 'Letter of Dismissal' will describe the nature of the violation (including date and time), the basis and rationale for the dismissal and the effective date.

If the probationary period fails to resolve the problem, the Dean of Programs will write a letter to the student informing of their dismissal from the program.

The College will determine if there are any other monies due, the amount of the tuition refund, if any, if the ancillary costs should be refunded, if any and the amount, and the person or agency that this money should be returned to. Refund calculations will be based on the date of dismissal.

The 'Letter of Dismissal' will describe the nature of the violation (including date and time), the basis and rationale for the dismissal and the effective date and include a summary of the student's financial account prepared by the College including a statement describing the student's financial responsibility if money was provided by a government funding agency, through a scholarship, or a grant.

A copy of the student's notification, any supporting documentation, the College's 'Letter of Dismissal', any correspondence in any form with the student and/or funding agencies will be retained in the student's file.

A student who has been dismissed from a program will be assigned a 'DS' for the courses started but not completed.

GRADING SYSTEM

Western Community College (the College) recognizes the need for a system of grading that is fair, consistent, and congruent with Canadian and international educational institutions.

Grading systems enable student achievement to be recognized formally and communicated consistently. Student transcripts reflect each individual's academic performance and enrolment history including all courses attempted, grades earned, and degrees and awards conferred.

Scope

This policy applies to the diploma and certificate student records at the College.

Purpose

The purpose of this policy is to ensure that students are aware of:

- Their continuing academic achievement in their program
- How numerical grades are converted to letter grades
- How grades are recorded on student transcripts
- How the grading scale is understood and consistently applied
- How student academic standing can be accurately recorded.

Considerations

- A student's academic success is measured by their academic performance in individual courses and is calculated and reported as a letter grade with grade-point equivalents that reflect the percentage ranges shown below.
- Transcripts follow the national and provincial post-secondary standard practices.
- Only grades for courses completed at the College are considered in the calculation of the Term Grade Point Average (TGPA) and the Cumulative Grade Point Average (CGPA).
- Credit for a course will only be applied once in a student's program. The TGPA is calculated using the highest grade achieved in a course.
- Grades are 'official' only when released by the Registrar's Office. Interim and official transcripts are released by the Registrar's Office only.

Diploma/Certificate Grading System			
Descriptor	Percentage	Grade	GPA
Exceptional	90% - 100%	A+	4.33
Outstanding	85% - 89%	A	4.00
Excellent	80% - 84%	A-	3.67
Very Good	76% - 79%	B+	3.33
Good	72% - 75% 68% – 71%	B B-	3.00 2.67
Satisfactory	64% – 67% 60% – 63%	C+ C	2.33 2.00
Fail	0 %– 59%	F	1.67 1.00 0.00
A final grade of 60% is required to pass a course unless otherwise indicated in the course outline.			

EXPLANATIONS:

GRADE POINT AVERAGE: The total of grade points received during the period of enrollment divided by the number of credits attempted during that period.

CUMULATIVE GRADE POINT AVERAGE: The total sum of the grade points received during the entire period of the student's enrollment divided by the number of credits attempted during that period. If a student repeats a course, the grade from the first attempt remains on the transcript. However, only the higher grade will be used in the calculation of the CGPA

For diploma and certificate programs, an overall Grade of C is required to graduate from the program and a Grade of C is required to transfer course credits.

Repeating Failed and Other Courses for Higher Standing

A course can only be repeated two times. Both grades of repeated courses will appear on the student's academic record, but only the highest grade will be used in calculating the CGPA.

This does not apply to English and Math courses taken by students to meet admission requirements, if any.

Transcript Notations

The following designations are used by the College in transcript preparation.

Notation	Title	Numeric Value	Explanation

Grade: The numerical or letter grade received upon completion of a course.

GRADE APPEAL POLICY

It is the responsibility of the faculty of Western Community College (the College) to assess the academic performance of students and to assign grades for work submitted. Generally, re-assessment of student work is not subject to review. However, if students believe that they have a compelling case supporting their argument that a grade is unjust, or has been assigned arbitrarily, or that critical factors have not been considered, they may appeal the grade.

Once recorded in the student's academic record, a grade may be changed only:

- Upon faculty member certification that an error in determining the student's grade has occurred; or
- As a result of a grade appeal

Procedures

Students are first required to review and discuss the disputed grade with the course instructor.

If the issue is not resolved in this way, students may submit a grade appeal in writing not later than five (5) calendar days after having discussed the circumstance with their faculty member.

All relevant documents should be included with the written appeal to the Registrar's Office. The Registrar will ensure that the submission is complete and will forward all documents to the Dean of Programs, who will review.

Upon completion of the review, which includes the right of rebuttal by the faculty member, the Dean of Programs will direct the Registrar to:

- Uphold the grade as initially submitted; or
- Confirm that the faculty member agrees to change the grade; or
- Provide the documentation to a second qualified faculty member for review; or,
- Change the grade.

All parties will be notified in writing with respect to the outcome. If either party to the grade appeal disagree with the outcome, they have five (5) calendar days from the date of the decision to submit an appeal in writing to the Academic Council Appeals Committee. The Academic Council's decision will be final and is not subject to further appeal.

All appeals must be initiated within two (2) weeks of the end of the term. If the final course grade that is being appealed is for a course that is a prerequisite course in the subsequent term, the student will be able to register in that course until an outcome is determined. If the outcome is or results in a failing grade, the student will be withdrawn from the course and will be required to repeat the failed course.

WORK EXPERIENCE POLICY

Western Community College's (the College) student work experiences augment the learning experience by providing students with opportunities to apply theory to practice in real world settings. Work experience placements can be practicum, clinical or extended work experience. Work experience placements take place across a wide variety of businesses and institutions both public and private.

Procedure

All students receive a copy of a Work Experience Agreement and Practicum Handbook that:

- Clearly describes the roles and responsibilities of the College, student and host; and
- Clearly describes expected work experience outcomes and assessment model.

The College, the student, and the host agree in advance to the objectives, outcomes, and assessment model.

The College and the host site will have appropriate insurance and will follow all applicable provincial employment and labour laws.

Each individual program has its own work experience policy which outlines the pre-requisites for the practicum, its duration and completion requirements.

Students are monitored by the College.

Work Experience Participation Requirements

- Students are required to have successfully completed all pre-requisite academic course requirements before they begin a work experience.
- Students are required to arrange their own transportation to the host site.
- The College is not responsible for ancillary work experience costs.

Work Experience Placement Process

The College will source the placement for the student. In some cases, students may also suggest a placement, but it needs to be approved by the practicum coordinator and affiliation agreement needs to be signed with the host site prior to the work experience start date of the student.

The College will establish a relationship with possible new host sites. The College maintains a database of possible sites and is the single point of contact with work experience hosts. Every effort will be made to develop a placement that matches a student's request for placement

demographics or population, however, students may be placed for Work Experience placements anywhere in the lower mainland.

Students are assigned to placements at the discretion of the College.

Once a student accepts a placement, they are required to sign a placement contract.

Steps for Work Experience Placement

- Student identifies or sources host site and the College conducts an assessment of the host and site
- Student site visit and introduction to host

In the case of blended delivery (combined delivery), there will be a clear expectation from the student to come in person for various components of the program. The work experience for each program is in person. Students are required to arrange their own devices for attending the virtual/online classes. Students attending online/virtual classes are expected to have at least a minimum knowledge of using electronic devices, including laptops, and required programs to upload their assignments or navigate through the online learning platform.

ACADEMIC STANDING AND PROGRESSION

At Western Community College (the College), student academic performance and progression will determine academic standing and ability to continue in the program. Academic standing will be reviewed after every term/three completed courses. Failure to meet the minimum academic standards will result in conditions being placed on the student's registration and may also lead to the student being required to withdraw.

Scope

A student's satisfactory academic progress is measured as a function of academic performance and successful course completion. Students are expected to complete each course in the term in which it is taken or as provided in the cohort schedule.

Academic Standing and Progression in the program

Academic Requirements: Students are required to maintain satisfactory academic progress. To progress in the program, students must:

- Maintain a minimum percentage of 60% in each course in the program.
- Pass each exam in the courses
- Successfully complete all required coursework and clinical experiences.

Based on their progress, students will be placed in one of the academic standing categories.

Satisfactory Academic Standing

Students must maintain a percentage of 60% or more in each course. Students who meet this standard are in Satisfactory Academic Standing.

Academic Probation

A student whose grades fall below 60% in two consecutive courses will be placed on academic probation. If the percentage of the student remains less than 60% in the next two courses as well, the student will be required to withdraw.

For term wise courses, if the student fails in two or more courses in one term, the student will be placed on academic probation in the next term and failure to pass two more courses in the next term will result in academic dismissal of the student.

Remediation:

The students on academic or clinical probation will get an opportunity to remediate their deficiencies and will be provided with academic support to perform better. In case they do not show any progress during probation, the students may end up failing or being dismissed from the program.

When a student is placed on academic probation the student will be assigned an academic advisor, generally a faculty member. The student and the advisor will discuss the academic circumstances and create an 'Academic Success Plan' designed to assist them with their studies.

The 'Academic Success Plan' covers at least one term. The student will generally start at the beginning of the term and end at the start of the subsequent term. It will describe the remedial activities, in the form of an action plan the student will need to successfully complete. The action plan will include academic milestones and progress review dates that the student will need to attend. A copy will be placed on the student's file.

If at the end of the probationary period the student has met the minimum CGPA requirements, the probation will be lifted. If not, the student will remain on probation until satisfactory academic progress has been achieved, or it is determined to be in the best interest of the student to withdraw from the program.

Required to Withdraw

A student who has not maintained the required minimum CGPA/percentage or has more than the allowed number of F (fail) grades will be required to withdraw from the program. Students who are required to withdraw will not be able eligible to register for courses for a minimum of one full

term after the date of their academic withdrawal. Students must provide evidence of remediation that speak to the reasons for academic withdrawal.

Repeating Courses and Repeating Failed Courses

A student who fails a course must repeat the course in the next term or as soon as the course is next offered. Students may repeat a maximum of three failed (3) courses within their program. A student may not register in any course more than three (3) times unless prior arrangements have been made with the Dean of Programs. Failure to pass these repeat courses will result in academic dismissal of the student and the student may have to repeat the entire program with re-entry.

Clinical/Work Experience Failure:

A failed work experience course must be repeated immediately in the subsequent term if possible or based on next available work experience. The student may fail clinical practice/work experience due to unsafe practice or failure to meet clinical expectations. Failing a clinical will require the student to repeat the entire clinical. If the student failed due to lack of demonstration of skills or unsafe practices, the student may have to repeat the required courses, as discussed and decided by the Clinical Instructor and program coordinators. If the student is not performing well in the initial weeks of clinical experience, the student will be put on clinical probation. The student can get only one additional opportunity to repeat the work experience, after which, the student will be required to withdraw from the program.

Exam Re-writes:

Students may be allowed to re-write an exam due to academic failure or extenuating circumstances. Students are allowed to do a maximum of 2 re-writes for an exam and not more than three courses in the program can be passed only through re-write of exams. Any approval for these re-writes or requests for accommodation must be made in writing through the registrar's office. Additional fee for exam re-writes may be applicable.

Appeals

A student may appeal their academic standing when extenuating circumstances have contributed to the student's inability to meet the minimum required CGPA/percentage. Appeals must be submitted in writing with supporting documentation to the Registrar's Office. The Registrar will present the appeal to the Dean of Programs. The decision of the Dean in such an appeal will be final.

Re-Entry

To gain re-entry, a student must apply for program re-entry as described in *Program Re-entry (AC120)*.

Extenuating Circumstances

The College understands that students have personal and work-related responsibilities outside of their studies, therefore, it recognizes that from time-to-time special academic considerations can be given to extenuating circumstances that include, but are not limited to medical, bereavement,

and accidents.

Individual faculty may grant an exception to a student for single events (e.g. mid-terms, finals, and essay or project deadlines). Only the Dean of Programs can grant concessions for circumstances or events that impact more than one assessment result.

The Dean of Programs or the faculty member must receive evidence (to be placed in the student's file) for the circumstances leading to an exception. Acceptable evidence includes, but is not limited to one of the following:

- Death certificate
- Medical certificate from a physician
- ICBC accident claim or police report
- Extenuating family circumstance.

Dismissal:

Academic Dismissal: Students who fail to meet the requirements for academic progression and do not successfully remediate may be dismissed from the program.

Clinical Dismissal: Students who fail to meet clinical progression requirements and do not successfully remediate may be dismissed from the program.

Professional Conduct: Students who engage in unprofessional conduct or violate the program's code of ethics may be subject to dismissal.

MAXIMUM TIME TO COMPLETION

The maximum time that can be taken to complete a program is 1.5 times the actual duration of the program. Students who have not completed in the time required may be withdrawn from their program, unless the extension has been approved by the Registrar and Dean of Programs or student is able to provide proof of excenuating circumstances which lead to the delay in completion.

Successful completion of program is when the student has completed and passed all the theory courses of the program and also completed the Work Experience component with a "Satisfactory" or "Pass" grade.
